Background Information

Agency Responsibilities

The Office of the Register of Wills is a public office established under the Constitution of Maryland. An office is established in each of the 24 Maryland subdivisions. These offices oversee the administration of decedents' estates within their jurisdictions and provide assistance (such as providing the proper forms) to individuals administering estates. The offices collect inheritance taxes and other fees as provided by law. These fees, as well as the commissions earned by an office on inheritance tax collections, are generally used to finance that office's operating expenses. Inheritance tax collections (less the applicable commissions) and any fees and commissions in excess of operating expenses are remitted to the State's General Fund. On a collective basis, the offices' fees and commissions that exceed their operating expenses are retained by the General Fund. In the event that an individual office's fees and commissions are not sufficient to finance its operating expenses, the difference is paid from the General Fund.

Financial Information

According to the Office's records, the Office's fiscal year 2009 gross receipts totaled \$832,268. These receipts were distributed in the following manner:

- \$523,001 in inheritance tax collections was remitted to the General Fund;
- \$309,267 in fees and commissions was disbursed for operating expenses and refunds, or remitted to the General Fund.

The Office's fiscal year 2009 operating expenses totaled \$360,065.

Findings and Recommendations

Our audit did not disclose any deficiencies in the design or operation of the Office's internal control. Nor did our audit disclose any instances of noncompliance with applicable laws, rules, or regulations.

A draft copy of this report was provided to the Office. Since there are no recommendations in this report, a written response was not necessary.

Audit Scope, Objectives, and Methodology

We have audited the Office of the Register of Wills for Worcester County, Maryland for the period beginning August 14, 2006 and ending August 4, 2009. The audit was conducted in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

As prescribed by the State Government Article, Section 2-1221 of the Annotated Code of Maryland, the objectives of this audit were to examine the Office's financial transactions, records and internal control, and to evaluate its compliance with applicable State laws, rules, and regulations. The areas addressed by the audit included cash receipts, cash disbursements, bank accounts, and administration of estates.

In planning and conducting our audit, we focused on the major financial-related areas of operations based on assessments of materiality and risk. Our audit procedures included inquiries of appropriate personnel, inspections of documents and records, and observations of the Office's operations. We also tested transactions and performed other auditing procedures that we considered necessary to achieve our objectives. Data provided in this report for background or informational purposes were deemed reasonable, but were not independently verified.

The Office's management is responsible for establishing and maintaining effective internal control. Internal control is a process designed to provide reasonable assurance that objectives pertaining to the reliability of financial records, effectiveness and efficiency of operations including safeguarding of assets, and compliance with applicable laws, rules, and regulations are achieved.

Because of inherent limitations in internal control, errors or fraud may nevertheless occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that conditions may change or compliance with policies and procedures may deteriorate.

Our reports are designed to assist the Maryland General Assembly in exercising its legislative oversight function and to provide constructive recommendations for improving State operations. As a result, our reports generally do not address activities we reviewed that are functioning properly.
